Only those products bearing the UL Recognized Component Marking should be considered as  
being covered by UL's Recognition and Follow-Up Service.

The UL Recognized Component Marking generally consists of the manufacturer's identification and catalog number, model number,  
or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL  
Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition  
Program, UL's Recognized Component Mark: , may be used in conjunction with the required Recognized Markings. The  
Recognized Component Mark is required when specified in the UL Directory preceeding the recognitions or under "Markings" for  
the individual recognitions.
